Comment

Item 174200 is amended to provide classes based on greatest dimension and density, and the material construction restriction of “wood” for interior shutters is removed. Items 34500 and 35350 are concurrently restricted to apply on exterior shutters. As modified, sub 7 of item 174200 assigns class 175, and item 35350 is further amended by adding “NOI” to the description for exterior shutters.
